Update From Biblical Christian Solutions In Government

I am pleased to announce that after months of work, Biblical Christian Solutions In Government's new website is finished. Please feel free to share it with friends. This is a platform for us to meet a portion of our goal of advocacy and education concerning Biblical principles and God's word applied to government, law, justice, administration, public policy, culture, and God's purpose in the world.

We are in need of - our Federal, State, and local governments are in need of - God's ambassadors. These ambassadors are needed in public office, displaying God's character and integrity, and moving our foundation of law back onto the cornerstone of God's word in the

Bible, and into submission to God's authority. Our very rights find there dependence on God's word. Justice finds its dependence on God's word. To be apathetic at the present time is to allow God, to allow Jesus, - the source of our freedom - to be cast aside in exchange for a pseudo-foundation of ever growing, and ravaging, cruelty - it is to choose to allow the light of God's word to be obscured and hidden from the public's general knowledge. Why is this so important? Why would it be cruelty? As Rufus King, a Founding Father and signer of the U.S. Constitution, points out:

> **[T]he... law established by the Creator... extends over the whole globe, is everywhere and at all times binding upon mankind.... [This] is the law of God by which he makes his way known to man and is paramount to all human control.**
>
> Quoted from: Barton, David, Original Intent: The Courts, the Constitution, and Religion (Aledo, TX: Wallbuilder Press, 2010), 343: originally quoted from King, Rufus, The Life and Correspondence of Rufus King, edited by King, Charles R. (New York: G.P. Putnam's Sons, 1900), Vol. VI, 276, to C. Gore, February 17 1820

For some, minus a miraculous act of God, this cruel act is to create a social environment where a person is completely isolated and may never naturally even know to consider God's word. While their lives are isolated from God's word as a foundation they plunge further into destruction. Of course, many in government today advocate for this "freedom" (freedom to do anything you want, rather than true freedom - which is a freedom from oppression). Many are advocating for social experiments with other people's lives, while blindly pouring out funding to try to curb the glaring effects on society - ripping the whole social fabric of the family, society, and stability apart.

Without God's Law and word, there is no freedom from oppression in government, and there is no encouragement toward the author of life. God has instituted Government for his purposes, and to work in coordination with his word, and he means for government to meet its highest purpose and fulfillment - so citizens can become the very goodness of God's character that people innately desire. Without God's Law and word at work in the human heart, there is no such thing as a law abiding citizen. When God's word is not the foundation of government, then government becomes despotic and society suffers.

This is why this website is important. It is a step in furthering the goals of education, and lobbying for Biblically sound solutions in government, as well as seeking out those who have a Biblical worldview, have a relationship with God through Jesus, are being changed through that relationship, and are growing in and live the very characteristics and principles of God that not only our republic, but God's institution of government, were founded upon.

We seek to publish at least one article every two weeks, as well as continuing to develop the website to meet the goals of advocacy through education. While we are not currently able to go forward with the service and lobbying components, these are crucial, and as God provides resources we will move forward in development of these goals. I just wanted to take a minute to write and let you know the update about the website. Please also pray for Biblical Christian Solutions In Government as you think about it.
